Subject: Re: Appeal Application

As per the conversation, this morning. I am setting out the reason for the appeal, although I disagree with the application of said bylaw and the applicability in the country residential setting. I am asking for time to find a place for the sea cans. (6 months)

Rationale: I run a non profit organization and we had utilized city centres and other locations for storage of our engagement equipment and supplies. Due to the Covid -19 pandemic we have been displaced. I have needed somewhere to store our Non profits equipment and with the limited resources and places. I cannot realistically, logistically, or financially comply with the order to remove. If the committee does not allow a reprieve, I will have to close our doors to the over 400 children and youth we provide service to across the city of Prince Albert.

I hope this completes our appeal application and hope to be able to address the board as well as obtain a reprieve.
